Apimol Non specific immune enhancer

PROPERTIES AND ACTIONS:

Apimol has excellent composition to complement deficiencies of vitamins and minerals, which may affect proper functioning of the body systems. Recommended as a daily dietary supplement to support the proper functioning of the immune system.

DOSAGE FORM

Syrup

INDICATIONS

- Low Immunity
- Metabolic disorders
- Loss of appetite
- Low absorption of vitamins & minerals from diet

DOSAGE:

| | | | |
|--------|---------------|---------------|---------------|
| Age | 1 – 3 years | 4 – 6 years | 7 – 12 years |
| Dosage | 2.5 ml | 5 ml | 7.5 ml |
| Time | 2 times / day | 2 times / day | 2 times / day |

PACK SIZE:

100ml Bottle

PRECAUTIONS:

Overdosage. Hypersensitivity to any of ingredients.

COMPOSITION:

| | |
|------------------------------------|---------|
| Propolis extract. | 200mg |
| Echinacea extract | 100mg |
| Vitamin | 30mg |
| Honey | 7600mg |
| Grape seed extract | 1mg |
| Pomerganate extract | 500mg |
| Potassium sorbate | 5mg |
| Zinc suphate | 5mg |
| Blackberry fruit extract | 200mg |
| Menthol (flavor) | 0,005mg |

Colostum Immunity Enhancer

PROPERTIES AND ACTIONS:

Colostum is highly effective and useful immune modulator.

Colostum provides proteins, carbohydrates, fats, vitamins, minerals, and proteins (antibodies) that fight bacteria and viruses.

Colostum is useful for boosting the immune system, healing injuries, repairing nervous system damage, improving mood and sense of well being, slowing and reversing aging, repairing nervous system damage, improving mood and sense of well being, slowing and reversing aging, and as an agent for killing bacteria and fungus.

DOSAGE FORM

Capsule And Sachet

INDICATIONS:

- Diarrhea
- Allergies and auto immune diseases.
- Bacteria and viral infections.
- For significant fitness gains for athletes.

DOSAGE:

One capsule / Sachet 2 times a day after meal.

PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.
Sachet: Pack contains 10 sachets.

PRECAUTIONS:

Hypersensitivity to ingredient.

COMPOSITION:

Each Capsule / Sachet Contains:
Bovine Colostrum 400mg

PROPERTIES AND ACTIONS:

Alfasin is an effective and safe Energy Builder for all age groups. **Alfasin** stimulates both physical and mental process of body. Recommended for Anemia, Convalescence, Fatigue, Nervous Exhaustion, Irritability, Under nourished and Malnutrition.

DOSAGE FORM

Syrup

INDICATIONS

- Stress on Nervous System
- Neurosis
- Physical and mental fatigue
- Memory and attention disorders
- Anemia
- Strengthening bones

DOSAGE:

Children: 5ml two times a day one hour before meal.

Adults: 10ml two times a day one hour before meal.

PACK SIZE:

200ml Bottle

PRECAUTIONS:

Hypersensitivity to any of ingredient.

COMPOSITION:

| | |
|------------------------------|------|
| Alfalfa | 5% |
| Avena Sativa | 5% |
| Ginseng | 2% |
| Cinchona Officinalis | 25% |
| Hydrastis Canadensis . . . | 0.5% |
| Kalium Phosphoricum . . . | 1% |
| Kalium Arsenicosum | 1% |
| Ferrum Aceticum | 1% |
| Calcarea Phosphorica . . . | 0.5% |

PROPERTIES AND ACTIONS:

Biocalm is safe, natural and effective remedy for calmness, relaxation and to treat sleep disorders associated with anxiety and nervousness.

Biocalm helps to calm anxiety and to get peaceful sleep, strengthening nervous system and to reduce agitation and anxiety.

DOSAGE FORM

Syrup

INDICATIONS:

- Neurosis
- Anxiety, Nervousness and Tension
- Depression
- Insomnia
- Loss of appetite
- Hyperactivity

DOSAGE:

Children: 1 drop/Kg (body weight) in water once in a day after meals.
Adults: 2-4 ml, 3-4times per day in water.

PACK SIZE:

30 ml Bottle

DOSAGE FORM:

Capsule

INDICATIONS:

- Sleep Disorders
- Hysterical Neurosis
- Neurological Disorders
- Depression / Migraine
- Chronic Fatigue
- Menopause / Premenstrual Syndrome

DOSAGE:

1- 2 capsule / day for duration of 4 weeks. Course can be repeated after a gap of 3 weeks.

PACK SIZE:

Pack Contains 3 blisters of 10 capsules each.

PRECAUTIONS:

Not recommended for children under 16, pregnant & lactating women, anyone taking other antidepressants or anti-anxiety drugs.

COMPOSITION:

| | |
|------------------------|-------|
| Valeriana | 100mg |
| Passiflora Incarnata . | 25mg |
| Crataegus Sanguinea | 25mg |

PROPERTIES AND ACTIONS:

Melonin is a dietary supplement containing melatonin, a substance produced by our own bodies that regulates the body's natural sleep/wake cycle. After we reach maturity, melatonin production declines with age, which can make restful sleep more difficult to achieve. Melatonin production can also diminish through use of substances like alcohol, tobacco, caffeine, aspirin and many common medications. **Melonin** supplementation can help to restore the melatonin we need for restful natural sleep.

DOSAGE FORM:

Tablet / Sachet

INDICATIONS:

- Sleep Disorders and sleepiness
- Insomnia
- Chronic Fatigue
- Menopause / Premenstrual Syndrome

DOSAGE:

One tablet / sachet one hour before bedtime or as recommended by Physician.

PACK SIZE:

Tablet: Pack contains 2 blisters of 10 tablet each.
Sachet: Pack contains 10 sachet.

PRECAUTIONS:

Pregnancy and Lactation. Not recommended for Pediatric use. Individuals with autoimmune conditions, depressive disorders, those taking sedatives or corticosteroid drugs, should consult their physician prior to use. Keep out of reach of children.

COMPOSITION:

Each Tablet / Sachet contains:
Melatonin 1mg
Vitamin B6 50mg

Braincortin For Psychosomatic Disorders

PROPERTIES AND ACTIONS:

Braincortin is extremely useful product for development of psychomotor functions. It improves blood circulation to brain and heart, enriches the blood with oxygen and helps in protection of brain cell. Use of **Braincortin** promotes the activation of brain activity, leads to significant improvement in remembering of information, increasing capacity of memory, especially visual, and improving mood. It also improves the effectiveness of learning and mental abilities in healthy adults and older people, people with high mental stress.

DOSAGE FORM:

Syrup

INDICATIONS:

- Psycho-emotional stress.
- Inability to focus and lack of attention.
- Migraine and headache of various reasons.
- Hypertension, Angina, Atherosclerosis, Arrhythmia
- Infertility of Male or Female
- Cystitis, Pyelonephritis

1 teaspoon twice daily or as recommended by Physician.

PACK SIZE:

Pack contains bottle of 100 ml

PRECAUTIONS / SIDE EFFECTS:

Not recommended during pregnancy and lactation. Should not be used by patients of Myocardial Infarction, schizophrenia & Asthma. Not recommended for Pediatric use.

COMPOSITION:

Each 5ml contains:

| | |
|-------------------------------|-------|
| Phosphoserine | 100mg |
| Phosphatidylcholine | 20mg |
| L-Glutamine | 150mg |
| Arginine | 300mg |
| Choline. | 150mg |
| Lysine. | 20mg |
| Isoleucine | 20mg |
| Threonine | 20mg |
| Methionine | 20mg |
| Lecithin | 20mg |
| Co enzyme | 20mg |

Bioserine Improves Cerebrovascular Circulation

PROPERTIES AND ACTIONS:

Bioserine is an perfect brain food and first unique combination of essential brain nutrient. **Bioserine** is an excellent dietary supplement to increase memory and attention, boost learning, intensify concentration, relieve depression and improve mood.

DOSAGE FORM:

Capsule

DOSAGE:

One Capsule 2-3 times a day or as recommended by Physician.

PACK SIZE:

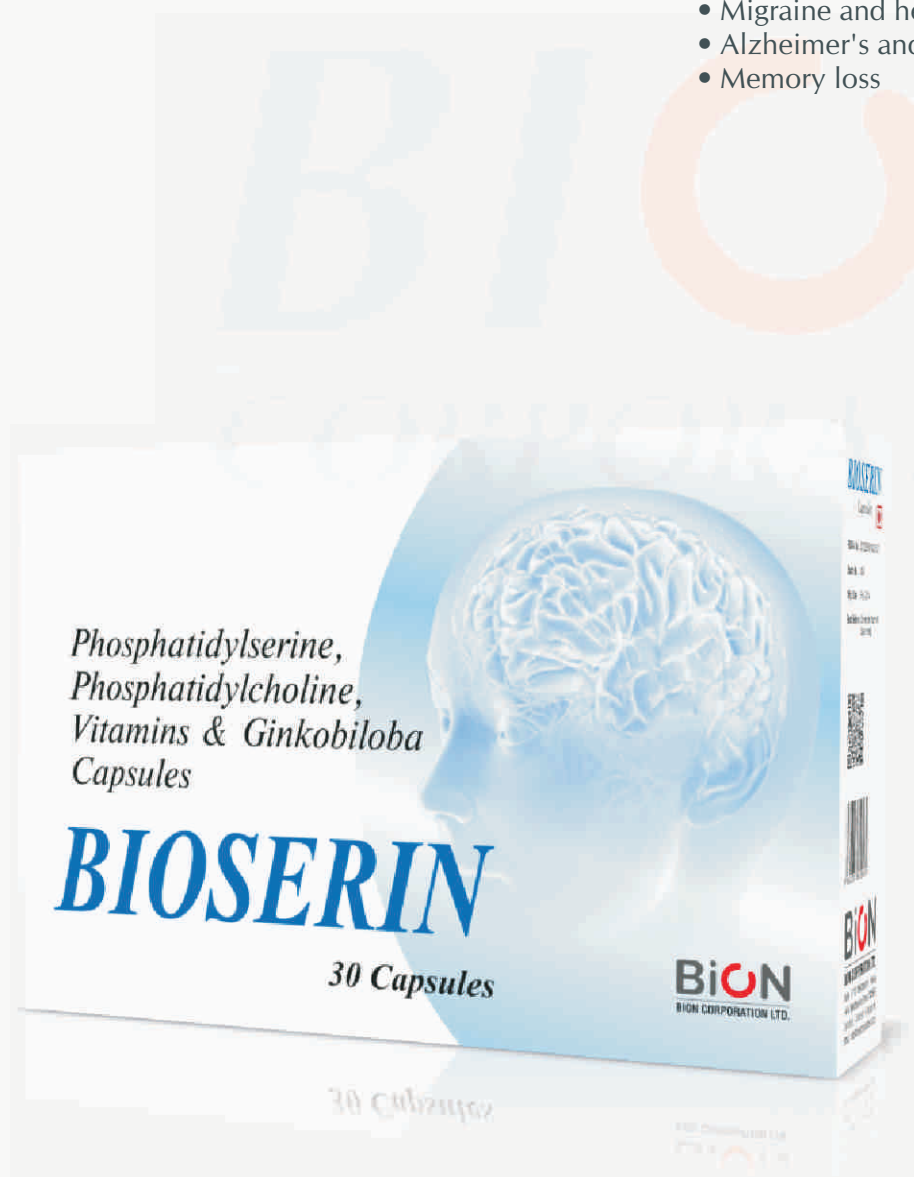

Pack contains 2 blisters of 10 capsules each.

PRECAUTIONS:

Pregnancy and Lactation. Not recommended for Pediatric use.

INDICATIONS:

- Psycho-emotional stress.
- Inability to focus and lack of attention.
- Migraine and headache of various reasons.
- Alzheimer's and Parkinson's disease
- Memory loss

COMPOSITION:

| | |
|------------------------------|-------|
| Phosphatidylserine | 100mg |
| Phosphatidylcholine | 200mg |
| Ginkgo Biloba | 30mg |
| Vitamin B1 | 6mg |
| Vitamin B6 | 6mg |
| Vitamin B12 | 6mcg |

PROPERTIES AND ACTIONS:

Following administration by oral route, citicoline releases its two main components, cytidine and choline. Once absorbed, citicoline is widely distributed throughout the body, crosses the blood-brain barrier and reaches the central nervous system (CNS), where it is incorporated into the membrane and microsomal phospholipid fraction. **Neuroxon** is a safe and well tolerated product.

DOSAGE FORM

Tablet

INDICATIONS:

- Acute ischemic cerebral vascular disease.
- Cerebrovascular diseases
- Senile cognitive impairment
- Degenerative diseases
- Chronic cerebral vascular disease
- Drug addictions
- Alcoholism

DOSAGE:

500mg to 1500mg daily or as advised by Physician.

PACK SIZE:

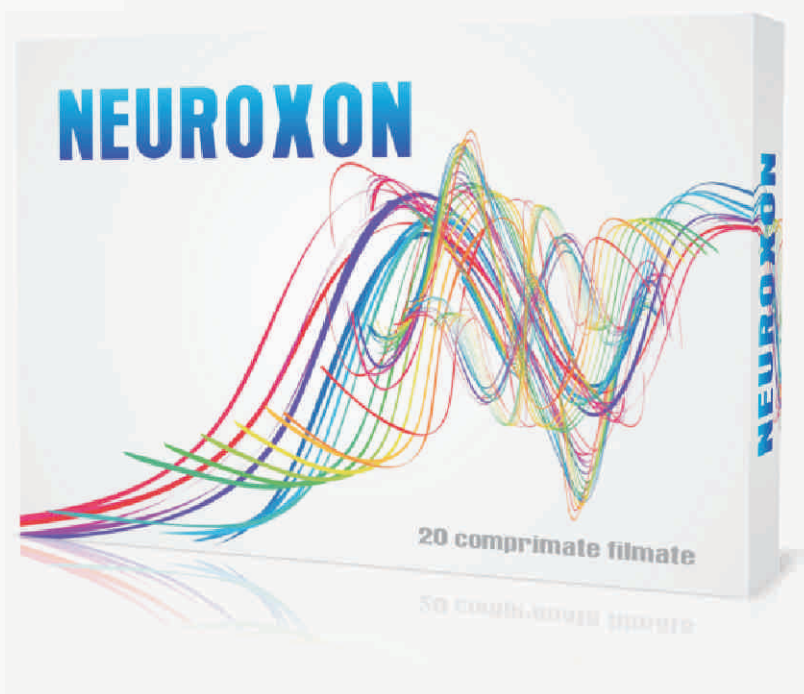

Pack contains 3 blisters of 10 tablets each.

PRECAUTIONS:

Hypersensitivity to Citicolin. Caution should be exercised in patients with history of mental illness, during pregnancy and breastfeeding.

COMPOSITION:

Citicolin 500mg / 1gm

Gabameg-6 Enhance Cerebrovascular Circulation

PROPERTIES AND ACTIONS:

Gabameg-6 is specially designed to be extremely effective Amino Acid neurotransmitter with added advantage of Magnesium and Vitamin B6. **Gabameg-6** is recommended for adults and kids for mental function impairment, senility, depression, emotional imbalance, memory loss, asthenia and anxiety.

DOSAGE FORM:

Capsule And Syrup

INDICATIONS:

- Diseases of brain blood vessel.
- Cerebrovascular insufficiency.
- Encephalopathy.
- Memory and speech impairment.
- Mental retardation.
- Attention deficit syndrome.

DOSAGE:

| Age | Dosgae | Time |
|----------------|------------------|---------------|
| 0 -2 Years | 1.25 ml | 2 times / day |
| 2 – 6 Years | 2.5 ml | 2 times / day |
| 6 – 14 Years | 2.5 ml | 3 times / day |
| Above 14 Years | 5 ml (1 Capsule) | 3 times / day |

PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.
Syrup: 100 ml bottle.

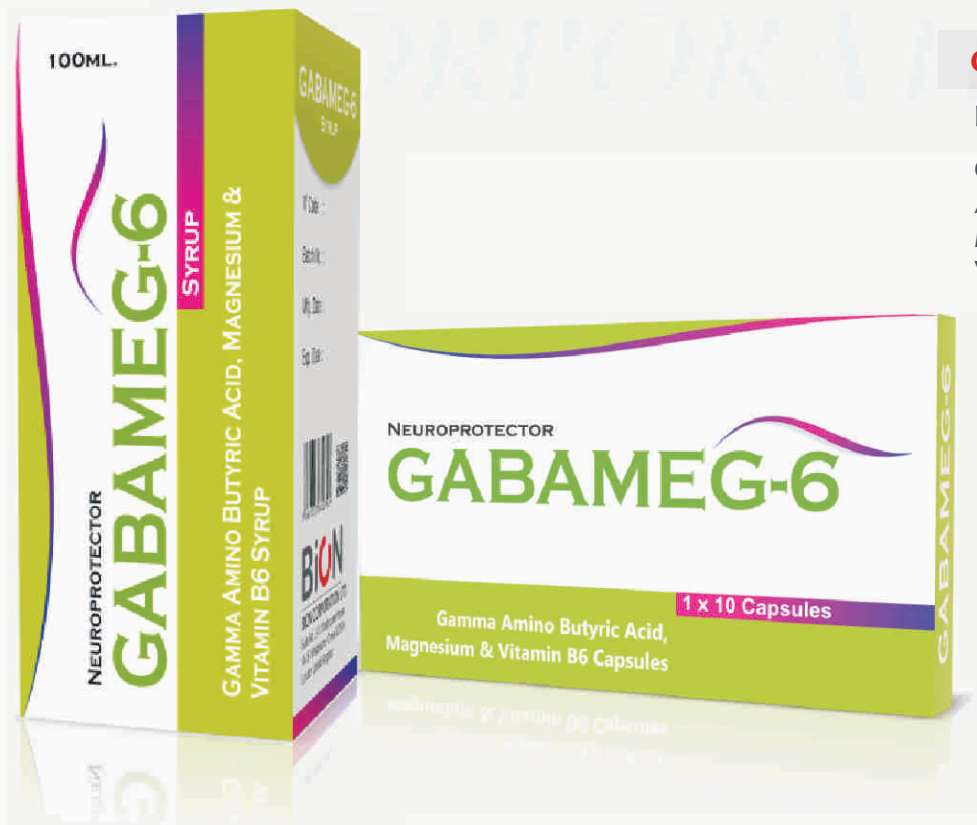

PRECAUTIONS:

Hypersensitivity to any of ingredients, renal impairment or liver disease. Rarely but in some cases Nausea, Vomiting or dyspepsia may happen.

COMPOSITION:

Each Capsule / 5ml contains

| | |
|---------------------------------------|-------|
| Gamma Amino Butyric Acid (GABA) | 200mg |
| Magnesium Glutamate ... | 75mg |
| Vitamin B6 | 2mg |

Botamin Stabilize Cerebrovascular Circulation

PROPERTIES AND ACTIONS:

Botamin is excellent neurotransmitter and neurostimulator. **Botamin** is combination of Gamma Amino Butyric Acid (GABA), Magnesium, Glutamine, Glycine and Vitamin B6. **Botamin** helps to maintain healthy nervous system, immune system and normal brain functions.

DOSAGE:

Children: 5 Drops three times a day before meal.

PACK SIZE:

30 ml Bottle.

PRECAUTIONS:

Nausea, vomiting, insomnia, dyspepsia can be occur temporarily.

DOSAGE FORM:

Drops

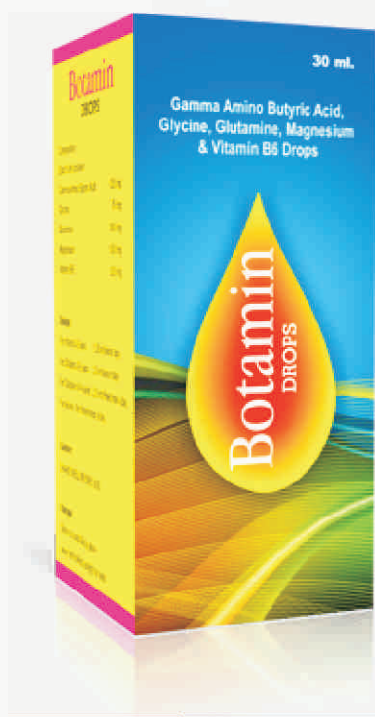

INDICATIONS:

- Short-term and intermediate memory loss
- Fatigue and Insomnia
- Anxiety and Depression
- Emotional Imbalance.
- Progression of mental retardness in children
- Disturbances related to memory, speech and attention

COMPOSITION:

Each 5ml of Botamin Drops contains:

| | |
|---|-------|
| Gamma Amino Butyric Acid (GABA) | 125mg |
| Magnesium | 100mg |
| GlutamateGlutamine | 100mg |
| Glycine | 75mg |
| Vitamin B6 | 0.5mg |

PROPERTIES AND ACTIONS:

Biolardi helps to restore gastrointestinal flora & thereby restoring immunity. *Saccharomyces boulardii* is a probiotic, a friendly organism that helps to fight off disease-causing organisms in the gut such as bacteria and yeast. **Biolardi** is suitable for the supplementary treatment of acute infectious diarrhea and for treatment and prevention of colitis accompanied by diarrhea.

DOSAGE FORM

Capsule & Sachet

INDICATIONS:

- Acute diarrhea
- Recurrent *Clostridium difficile* infection
- Irritable bowel syndrome
- Inflammatory bowel disease
- Travelers' diarrhea
- Antibiotic-associated diarrhea

DOSAGE:

| Age | 0 – 4 years | 5 – 15 years | Above 15 years |
|--------|-------------------|-------------------|-------------------|
| Dosage | 1 Capsule*/Sachet | 1 Capsule*/Sachet | 1 Capsule*/Sachet |
| Time | 2 times / day | 2 times / day | 3 times / day |

*Capsule to be opened & only powder inside capsule to be administered.

PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.

Sachet: Pack contains 10 sachets

PRECAUTIONS:

Hypersensitivity of *S. Boulardi* or any type of yeast. Should not be taken along with anti fungal treatment. Patients with Lactose intolerance should take under supervision of Medical Practitioner.

COMPOSITION:

Each Capsule / Sachet contains
Saccharomyces Boulardii 250mg

Sanuslac High Dosage Probiotic

PROPERTIES AND ACTIONS:

Sanuslac Capsule is specially designed combination of Probiotics to promotes the normalization and maintenance of normal intestinal flora. **Sanuslac** consists of a complex of three major beneficial bacterias which are normally present in the intestinal micro flora of healthy humans.

DOSAGE FORM

Capsule & Sachet

INDICATIONS:

- Acute diarrhea
- Recurrent Clostridium difficile infection
- Irritable bowel syndrome
- Inflammatory bowel disease
- Travelers' diarrhea
- Antibiotic-associated diarrhea

DOSAGE:

| Age | Dosage | Times |
|----------------|---------------------|---------------|
| 5 – 10 Years | Half Capsule/Sachet | 1 time/day |
| 10 – 15 Years | 1 Capsule / Sachet | 1 time / day |
| Above 15 Years | 1 Capsule / Sachet | 2 times / day |

PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.
Sachet: Pack contains 10 sachets.

PRECAUTIONS:

Hypersensitivity to ingredients or any type of yeast. Should not be taken along with anti fungal treatment. During pregnancy and lactation product should be used after consultation of your doctor.

COMPOSITION:

| | |
|-----------------------------------|-----------|
| Lactobacillus Acidophilus | 1 Billion |
| Lactobacillus Rhamnosus | 1 Billion |
| Lactobacillus Reuteri. | 1 Billion |
| Acidum Ascobinicum | 100mg |

Lacto-Coli Multiple Stamp Probiotic

PROPERTIES AND ACTIONS:

Lacto-Coli is specially designed combination of Probiotics for children. It promotes the normalization and maintenance of normal intestinal flora. **Lacto-Coli** consists of a complex of eleven major beneficial bacteria, which are normally present in the intestinal micro flora of healthy humans. These bacteria help restore intestinal flora and to eliminate not only the symptoms of intestinal disorders and their causes and help maintain a healthy nervous and immune systems.

DOSAGE FORM

Capsule & Sachet

INDICATIONS:

- Acute diarrhea
- Recurrent Clostridium difficile infection
- Irritable bowel syndrome
- Inflammatory bowel disease
- Travelers' diarrhea
- Antibiotic-associated diarrhea

DOSAGE:

| Age | Dosage | Times |
|----------------|----------------------|---------------|
| 2 – 5 Years | 1/2 Sachet | 1 time/day |
| 5 – 10 Years | 1 Sachet / 1 Capsule | 1 time / day |
| Above 10 Years | 1 Sachet / 1 Capsule | 2 times / day |

Dissolve powder from sachet in water, milk or juice.

PACK SIZE:

Capsule: Pack contains 2 blisters of 10 capsules each.
Sachet: Pack contains 10 Sachet.

PRECAUTIONS:

For children with severely reduced immunity, Lacto-Coli should be given on consultation of Physician. Should not be administered for more than 4 weeks.

COMPOSITION:

| | |
|---------------------------|--------------|
| L. Acidophilus | 350 million |
| L. Rhamnosus | 200 million |
| L. casei | 150 million |
| L. Plantarum | 150 million |
| L. Bulgaricus | 150 million |
| B. Longum | 150 million |
| B. Infantis | 150 million |
| B. Breve | 150 million |
| S. Thermophilus | 200 million |
| S. Boulardii | 0.05 billion |
| E.Coli | 156 million |
| Elemental Zinc | 10mg |

Floras Anti-spasmodic/Anti-flatulent

PROPERTIES AND ACTIONS:

Floras is an effective & safe anti-colic for infants for relief from Colic Pain, Gripping Pain & Flatulence.

Floras acts as a dispersant of gas bubbles by reducing surface tension causing the gas bubbles covered with mucus in the stomach and intestine to collapse. **Floras** is not absorbed from the stomach and intestine and therefore has no harmful effects.

DOSAGE FORM

Drops

INDICATIONS:

- Symptomatic treatment of all types of excessive gas accumulation
- Flatulence
- Colic Pain
- Meteorism
- Aerophagia

DOSAGE:

| Age | 0 – 6 months | 6 – 12 months | Above 12 months |
|---|---------------|---------------|-----------------|
| Dosage | 0.5 – 1.0 ml | 0.5 – 1.0 ml | 1.3 ml |
| Time | 2 times / day | 4 times / day | 4 times / day |
| Should be given 15 minutes before meal. | | | |

PACK SIZE:

30 ml bottle.

PRECAUTIONS:

There are no reports of any side effects due to this medication.

COMPOSITION:

Each 1 ml (approximately 15 drops) contains

| | |
|-------------|----------|
| Simethicone | 40mg |
| Dill Oil | 0.005ml |
| Fennel Oil | 0.0007ml |

Helmizin Gentle Anthelmintic

PROPERTIES AND ACTIONS:

Helmizin is extremely effective herbal anthelmintic combination for treatment of parasitic worms of intestine. Anthelmintic are specific types of antiparasitics. They are agents that target parasitic worms in the body and aid their removal either by stunning or killing them.

DOSAGE FORM:

Syrup

INDICATIONS:

- For treatment & removal of different types of Parasites from intestinal tract.
- Dyspepsia, Meteorism, Spastic and Chronic Constipation
- Comprehensive treatment of intestinal infections

DOSAGE:

| Age | Dosage | Times |
|---|--------|---------------|
| 1 - 3 Years | 5 ml | 2 times / day |

Hypersensitivity to any of ingredients. Should not be used during Pregnancy & Lactation.

COMPOSITION:

| | |
|------------------------------|--------|
| Allium Satvium | 10.3mg |
| Juglans Nigra | 8.4mg |
| Polypodium Virginianum . | 6.4mg |
| Syzygium Aromaticum . . . | 3.8mg |
| Tanacetum Vulgare. | 3.8mg |
| Thymus. | 3.8mg |
| Cucurbita Pepo. | 3.8mg |
| Artemisia Vulgaris. | 3.8mg |
| Artemisia Absinthium | 3.8mg |

BIOLAC Improved digestion with enzyme

PROPERTIES AND ACTIONS:

Biolac promotes rapid blocking of the symptoms of lactase deficiency and improve the quality of digestion. In infants **Biolac** has good use for proper digestion of breast milk, reduce the severity of abdominal pain and eliminate colic.

DOSAGE FORM:

Capsule

INDICATIONS:

- Lactase deficiency.
- Lactose intolerance.
- Abdominal Cramps.
- Abdominal .

DOSAGE:

| Age | 0 – 2 Years | 2 – 7 Years | Above 7 Years |
|-------------------|-----------------|------------------|------------------|
| Dosage | Capsule of 3mg* | Capsule of 30mg* | Capsule of 30mg* |
| Time | 1 times / day | 3 times / day | 3 times / day |
| Number of Capsule | 1 Capsule | 1 – 3 Capsule | 3 – 5 Capsule |

For children below age of 7 years who can't gulp capsule, contents of capsule to be dissolved in 100ml

PACK SIZE:

Pack contains 30 capsule

PRECAUTIONS:

Hypersensitivity to ingredient.

COMPOSITION:

| | |
|--|------------|
| Lactase Enzyme (Aspergillus Oryzae) | 7mg / 30mg |
|--|------------|

PROPERTIES AND ACTIONS:

Bioglutin is balanced combination, which is very helpful during prophylaxis or treatment of Arthritis, Joint Pain and Osteoporosis.

Bioglutin stimulates the formation and repair of cartilage that has degenerated over time. **Bioglutin** works to protect the cartilage by blocking enzymes that seek to break down cartilage and by absorbing excess fluid in the connecting tissue. It also assists in cartilage repair and thereby reducing pain.

INDICATIONS:

- Arthritis
- Osteoporosis
- Menopause
- Fibromyalgia
- Spondylitis
- Post orthopedic rehabilitation

DOSAGE:

One tablet 2 times a day.

PACK SIZE:

Pack contains 2 blisters of 10 tablets each.

DOSAGE FORM

Tablet

PRECAUTIONS:

Hypersensitivity to any of ingredient.

COMPOSITION:

| | |
|----------------------------|-------|
| Glucosamine | 300mg |
| Calcium Carbonate..... | 80mg |
| Chondroitin | 100mg |
| Magnesium..... | 10mg |
| Methylsulfonylmethane(MSM) | 100mg |

PROPERTIES AND ACTIONS:

Fleximed is combination of S-Adenosylmethionine, Glucosamine & MSM for special care of joint.

DOSAGE FORM:

Tablet

INDICATIONS:

- Protection of joint cartilage.
- Reduces knee pain and improves mobility.
- Pain associated with Fibromyalgia
- Strengthen collagen fibers.

DOSAGE:

Take 1 tablet 2-3 times a day before meal or as recommended by Physician.

PACK SIZE:

Pack contains 20 tablets

PRECAUTIONS:
