## PROPERTIES AND ACTIONS:

**Biocal** is balanced and helpful combination for prophylaxis or treatment of Arthritis, Joint Pain and Osteoporosis. **Biocal** stimulates the formation and repair of cartilage that has degenerated over time. **Biocal** works to protect the cartilage by blocking enzymes that seek to break down cartilage and by absorbing excess fluid in the connecting tissue. It also assists in cartilage repair and thereby reducing pain.

## DOSAGE FORM:

Tablet

## INDICATIONS:

- Arthritis
- Osteoporosis
- Menopause
- Fibromyalgia
- Spondylitis
- Post orthopedic rehabilitation

## DOSAGE:

One tablet 2 times a day.

## PACK SIZE:

Pack contains 6 blisters of 10 tablets each.

## PRECAUTIONS:

Hypersensitivity to any of ingredient.

## COMPOSITION:

### COMPOSITION:

#### Each Tablet contains :

Glucosamine	500mg
Calcium Carbonate	250mg
Chondroitin	250mg
Vitamin D	200 IU

## PROPERTIES AND ACTIONS:

**Amilam** is specially designed to be extremely effective Amino Acid neurotransmitter with added advantage of Glycine and Glutamine.

**Amilam** is recommended for for mental function impairment, senility, depression, emotional imbalance, memory loss, asthenia and anxiety.

## DOSAGE FORM:

Tablet

## INDICATIONS:

- Diseases of brain blood vessel.
- Cerebrovascular insufficiency.
- Encephalopathy.
- Memory and speech impairment.
- Mental retardation.
- Attention deficit syndrome.

## DOSAGE:

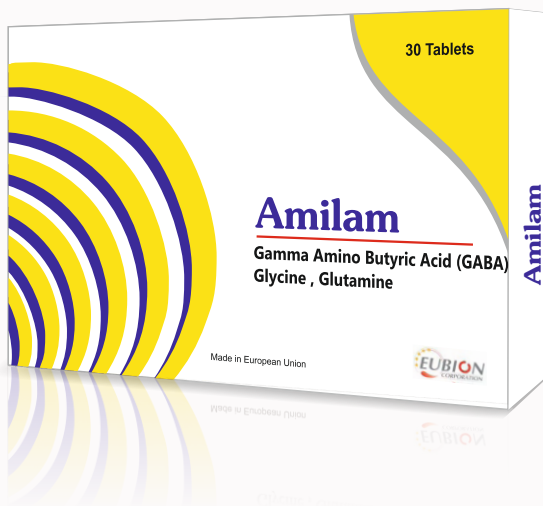

One tablet three times daily.

## PACK SIZE:

Pack contains 3 blisters of 10 tablets each.

## PRECAUTIONS:

Hypersensitivity to any of ingredients, renal impairment or liver disease. Rarely but in some cases Nausea, Vomiting or dyspepsia may happen.

## COMPOSITION:

Gamma Amino	
Butyric Acid (GABA)	200 mg.
Glycine	200 mg.
Glutamine	100 mg.

# SEMPRO

## PROPERTIES AND ACTIONS:

**Sempro** Capsule is specially designed combination of probiotics to promote the normalization and maintenance of normal intestinal flora. **Sempro** consists of a complex of major beneficial bacteria, which are normally present in the intestinal micro flora of healthy humans.

## DOSAGE FORM:

Capsule

## INDICATIONS:

- Acute diarrhea
- Recurrent Clostridium difficile infection
- Irritable bowel syndrome
- Inflammatory bowel disease
- Travelers' diarrhea
- Antibiotic-associated diarrhea

## DOSAGE:

Age	Dosage	Time
5 - 10 Years	Half Capsule	1 time / day
10 - 15 Years	1 Capsule	1 time / day
Above 15 Years	1 Capsule	2 time / day

## PACK SIZE:

Pack contains 2 blisters of 10 capsules each.

## PRECAUTIONS:
